

Royalty Free Fantasy Music for Games, Videos and Films

Ideal for RPG and fantasy games, background music for youtube videos and short films.

Inspired by the Witcher and The Elder Scrolls series and Elden Ring.

It's absolutely free to use in commercial and non-commercial games.

You can also use this music for stream or video content.

This music pack has a royalty free license. Meaning, you can use these for both personal and commercial projects, as many times as you want. Giving credit is not necessary but would be appreciated.

You can edit and modify these for your own use.

If you are using this music pack for your own game, film, video or music please let me know)

Tracklist:

1. Fey Fables
2. Moonshadow
3. Mystic Isles
4. Shadows & Silhouettes
5. The Celestial Odyssey
6. Veil of Eternity
7. Whispers of Ancient Spirits

If you need custom music for your project feel free to contact me.
